

AC & DC POWER SOURCES / BATTERY TEST / REGENERATIVE LOADS

AC Frequency & Voltage Converters,
 Programmable AC Sources & Electronic Loads
 Bi-Polar DC Power w/Regenerative Electronic Loads.

High Performance Programmable AC & AC+DC
 Power Sources with voltage/current control &
 frequency conversion from 30 to 5,000 Hz.

Linear and Switching Power Supplies
 Automated Test Equipment (ATE)
 Mission Critical/Fault Tolerant Power Supplies
 Modular Power For Test and OEM

High-Performance Programmable DC Power Supplies
 Rack Mountable, 750 Watt to 90 kW
Programmable Electronic Loads

EMC / EMI / ESD / RF TEST SYSTEMS

RE/RI/BCI Test Systems, Antennas, Cameras, Probes,
 Pre-Amplifiers, EMScope, & Accessories
 Schwarzbeck, HILO/Test, Schloder, Lumiloop,
 GTEM, messtechnik, EMZER & More

**US Distributor for leading European EMC Brands
 Including**

Current and voltage – our passion

Bi-Polar, 4 Quadrant, Linear Amplifiers &
 Transformers DC – 1MHz, .4kVA – 20kVA for EMC
 Test, Industry, Military, and R&D applications
 Voltage Variation Test Systems for
 Automotive & Aviation

EMC Antenna Test Chambers and RF Shielded
 Semi or Full Anechoic Rooms
 DMAS High Performance Absorbers

EMI generators, ESD Simulators, Measuring
 Equipment and Related Solutions for Automotive,
 Industrial, & Commercial

TEST RACKS / WORKSTATIONS / CUSTOM ENCLOSURES

NEW Electronic Equipment Racks, Consoles, &
 Custom Enclosures for a variety of markets including:
 Test/Masurement, Industrial, Data Centers, Energy,
 Military/Aerospace

TEST & MEASUREMENT / DATA ACQUISITION / SPECIAL PRODUCTS

Thermal, Infrared and Phosphorescent based fiber-optic Temperature Measurement solutions with isolation and complete immunity to RF, microwave and harsh EMI & High Temperature Environments. Brands include *Lumasense, IMPAC, Luxtron, Mikron*

Boundary-Scan Test & In-System Programming solutions for design, manufacturing & field service.

SCR Power Controllers
 Comprehensive line of single or multiple phase Controllers with Industry Leading Performance and Flexibility

Newton's 4th

Power Analyzers, Frequency Response Analyzers, Vector Voltmeters, Phase Meters, Impedance Analyzers, Power Amplifiers, Harmonics & Flicker.

Bustec High Performance LXI Data Acquisition & Test Products. Leads the test and measurement industry in Density, Accuracy, and Throughput

NEW Digital Thermometers, RF & Microwave Power Meters, Grounding & Bonding Meters, Signal Source & Amplifiers, Ratio Standards, and Electrical Safety Meters

DEWETRON

NEW Data Acquisition Systems, Data Recorders, Signal Conditioning, & Power Analysis for Laboratory, Production Systems, & Field Service.

ZT-Series Oscilloscopes, Digitizers & Generators in PXI, VXI, & LXI Form Factors. Standalone Instruments, Integrated Subsystems or fully Integrated Components

ENVIRONMENTAL / HALT / HASS TEST SYSTEMS

High Performance Temperature & Humidity Cycling Chambers, Benchtop, Reach In, Walk In, & Drive In. Industrial Ovens, Shock Tables, Thermal Stress, Rain & Spray, Altitude, Dust, Vibration Complete Custom Test Solutions. Rentals & Testing Services.
